Did YOU Know?

HR Topics

Teammates,

Since I began my weekly emails about Your Health and Retirement at CHS, you have provided me with excellent feedback. You continue to ask thoughtful questions and provide insight about your experience with the health plan, Health Savings Account (HSA) and planning for retirement.

I have heard that you like receiving concise, informative, one-topic emails about human resources initiatives.

Based on your input, my weekly email will be expanded from covering just health and retirement to include other areas of interest such as staffing and compensation.

Please know, you are valued and important. I care about your concerns and want to hear your thoughts, so I can continuously work to improve your experience as a CHS teammate.

Next week I will provide you with a staffing update. Until then, enjoy a great week.
