Your Health
and Retirement
at CHS

Did YOU Know?

Understanding Your Retirement and Investment Choices

Teammates,

The CHS Retirement Plans include a broad range of investment funds to provide you with savings options that match your personal financial goals.

I am delighted many of you have contacted me to talk about your accounts; however, I cannot legally give you financial advice, nor can my team or the representatives at Empower Retirement. We encourage you to seek advice about your personal investments from a professional who is a Certified Financial Planner.

At CHS, our role is to provide [tools and resources](#) to assist you with planning for your retirement. In addition, CHS contributes dollars to help you save for retirement. Please visit the [Education Center](#) on the Empower Retirement website for investment news, tools and information about the funds offered to you through the CHS Retirement Plans.

Please know, if you have specific questions about stock market trends, how to invest your retirement dollars or would like help evaluating your investments and personal finances, you may take advantage of free [individual consultation](#) opportunities with one of our banking partners who are certified to give financial advice. Our banking partners include Bank of America, Fifth Third Bank and Wells Fargo. Alternatively, you may consult a personal financial planning expert of your choice.

If you have benefits questions, you can get answers anytime, anywhere, on any device at healthandretirement.carolinashealthcare.org.

Enjoy a great week.

Debra

Debra Plousha Moore

Chief Human Resources Officer
Executive Vice President

Together, let's prepare for today and plan for the future.
